REMARKS:

REMARKS:  
A joint CIA/DIA working group has prepared a coordinated estimate of Communist military presence in South Vietnam as of 1 November 1972. Our DIA and Agency members (naturally) already have their own copies. Attached are copies for our colleagues in OSD, NSA and State. If there are no objections by other committee members, I plan to forward this estimate to our WSAG principals on 8 November.

Special Assistant for Vietnamese Affairs
